The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
Los Angeles, California 90012

Dear Supervisors:

**REPORT BACK FROM THE SHERIFF REGARDING THE  
SHERIFF'S RESERVE DEPUTY PROGRAM AND POLICIES  
FOR RESERVE DEPUTIES**

On March 27, 2012, your Board requested that the Los Angeles County Sheriff's Department (Department) report back on information relative to the policies for reserve deputies, including:

- How reserves are used, the breakdown of where reserves are used, what they do and how their duties are carried out.
- What kind of work the Homeland Security Division (HSD) reserve deputies perform, what their duties are, and what they accomplish on behalf of the Department while they are serving in that area.
- How many HSD reserve deputies are performing the same work in that area.

**SHERIFF'S DEPARTMENT RESPONSE**

In understanding this response to the questions asked by your Board, it is important to note that although there are 223 reserves assigned to the HSD, the vast majority of them perform no functions associated with homeland security. They are listed under HSD because the bureau or unit they are assigned to is supervised by the HSD Chief.

Reserve deputies throughout the Department do not fill vacant full-time deputy positions. Instead, all reserve deputies supplement the manpower of the Department

*A Tradition of Service*

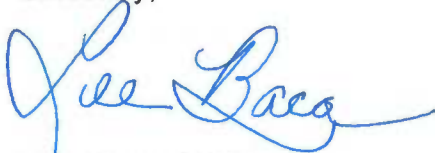

and act as a force multiplier to provide additional services to the community. In some cases, they perform duties the Department would otherwise not be able to accomplish. Reserve deputies are used at nearly every unit in the Department. They are utilized as patrol deputies, detectives, training instructors, motorcycle officers, helicopter pilots, search and rescue team members, and more. The assignment of a reserve deputy depends, in great part, on their level of training and the needs of the individual unit of assignment. There are four distinct levels of reserve deputy, Level I-Designated (1-D), Level I-Non Designated (1-ND), Level II, and Level III.

The majority of deputies assigned to HSD are Level III. Level III reserve deputies do not perform general law enforcement duties; they perform limited support duties that are not likely to result in physical arrests, while supervised in the accessible vicinity by a Level I-D reserve or a full-time deputy. Generally, Level III reserve deputies possess specific expertise that they've developed through their primary career; this expertise supplements the talents of full-time Department members, as well as assisting the Department.

Attached is a chart listing the reserve units within HSD, the number of reserve deputies assigned, and the duties they perform.

Should you have any questions or require additional information, please contact Chief Michael Grossman at (323) 526-5756.

Sincerely,

LEROY D. BACA  
SHERIFF
